

lowlandstrail sleddog team

Against certain conditions it is possible to visit our kennel and meet our amazing Alaskan Huskies!

During the training season you can even join us for a ride on the ATV during a run in the woods.

We will welcome you over coffee or tea with a sandwich and explain and tell you about the dogs, mushing equipment, training and races. After that (only in spring and fall!) we head for the woods, get the team ready and then we're off for a beautiful tour in the fresh and hopefully dry morning cold. Let the power and endurance of our athletes surprise you and enjoy the ride!

Are you interested? Mail us at info@lowlandstrail.com and we will send you a reply invitation with all details.
